

MONEY MODEL & OFFER ARCHITECTURE

Internal Strategy Document — May 2026

THE SPINE

Every patient follows one path. Each stage feeds the next.

KEY METRICS AT A GLANCE

\$7,080 Year 1 Revenue (WL patient, Essential)	81.0% Gross Margin (full journey)	\$5,734 Year 1 Profit (per patient)	95.4% Continued Care Margin
--	---	---	---

STAGES 1 & 2 — ATTRACTION + ASSESSMENT

STAGE 1: ATTRACTION — FRONT-OF-HOUSE SERVICES

Discounted services get new patients through the door. Every attraction service is profitable even at promotional pricing.

Service	COGS	Full Price	Gross Profit	Margin
B12 Injection	\$5.13	\$35	\$29.87	85.3%
Range IV	\$58.54	\$225	\$166.46	74.0%
Glutathione Push	\$9.94	\$75	\$65.06	86.7%
NAD+ IV (500mg)	\$110.72	\$399	\$288.28	72.2%

Purpose: Collect contact info, build trust, create opportunity to introduce the Range Assessment.

STAGE 2: RANGE ASSESSMENT — \$197

Comprehensive symptoms review, written plan, and provider consultation. The \$197 credits toward any lab panel or treatment program.

Price	\$197
COGS	Provider time only — no lab cost
Credit	Full \$197 applies toward Essential Panel, Elite Panel, or any treatment program
Conversion Target	Assessment → Lab Panel → Treatment Program

STAGE 3 — LAB PANELS

STANDARD ENTRY FOR ALL PROGRAMS

Every treatment path starts with the Essential Panel. Patients can optionally upgrade to Elite for deeper biomarker analysis.

Panel	Markers	COGS	Patient Price	Gross Profit	Margin
Essential (standard)	15	\$149.03	\$350	\$200.97	57.4%
Elite (upgrade)	36	\$346.01	\$750	\$403.99	53.9%

ESSENTIAL PANEL — 15 BIOMARKERS

CMP (17 biomarkers) • Lipid Panel (6) • CBC with Differential (20) • Estradiol • HbA1c • Fasting Insulin • PSA Total • SHBG • Free T3 • Total T4 • Free Testosterone • Total Testosterone • TPO Antibodies • TSH • Vitamin D

ELITE PANEL — 36 BIOMARKERS

Everything in Essential, plus: ApoA-1 • ApoB • CRP-HS • Cortisol • DHEA-S • Ferritin • Folate • FSH • GGT • Homocysteine • IGF-1 • Iron & TIBC • LH • Lipoprotein(a) • Magnesium • PSA Free • Sed Rate • Free T4 • Thyroglobulin AB • Uric Acid • Vitamin B-12

COMBINED ASSESSMENT + LABS ECONOMICS

Path	Total Collected	Lab COGS	Gross Profit
Assessment + Essential	\$350	\$149.03	\$200.97
Assessment + Elite	\$750	\$346.01	\$403.99

Both paths are solidly profitable. Lab results create clinical urgency that drives program enrollment.

STAGE 4A — MEDICAL WEIGHT LOSS PROGRAM

Billed in 4-injection (4-week) blocks. Three internal tiers by lbs to lose.

TIRZEPATIDE — PER 4-WEEK BLOCK

Dose	Block Revenue	COGS	Profit	Margin
2.5mg (start)	\$400	\$51.30	\$348.70	87.2%
5mg	\$548	\$101.30	\$446.70	81.5%
7.5mg	\$600	\$151.30	\$448.70	74.8%
10mg	\$648	\$201.30	\$446.70	68.9%
12.5mg (max)	\$700	\$251.30	\$448.70	64.1%

RETATRUTIDE — PER 4-WEEK BLOCK

Dose	Block Revenue	COGS	Profit	Margin
1mg (start)	\$250	\$29.30	\$220.70	88.3%
2mg	\$500	\$57.30	\$442.70	88.5%
4mg	\$600	\$113.30	\$486.70	81.1%
8mg	\$748	\$225.30	\$522.70	69.9%
12mg (max)	\$860	\$337.30	\$522.70	60.8%

FULL PROGRAM TIERS (TIRZEPATIDE, WEEKLY DOSING)

Tier	Blocks	Revenue	COGS	Profit	Margin
24-week	6	\$3,296	\$1,048	\$2,248	68.2%
32-week	8	\$4,596	\$1,498	\$3,098	67.4%
48-week	12	\$7,096	\$2,468	\$4,628	65.2%

Follow-up labs use WL Panel (\$70.03 each). Initial Essential Panel is separate (Stage 3). COGS = medication (\$5/mg Tirz) + supplies + follow-up labs.

STAGES 4B & 4C — HRT + RECOVERY

HORMONE OPTIMIZATION PROGRAM — PER 4-WEEK BLOCK (ONGOING)

Initial labs = Essential Panel (Stage 3). Follow-ups use Post Panels (\$52.98 male / \$43.98 female).

	COGS/Block	Price/Block	Profit/Block	Margin
Male	\$35.63	\$249	\$213.37	85.7%
Female	\$20.19	\$249	\$228.81	91.9%

YEAR 1 HRT ECONOMICS (13 CYCLES)

	Revenue	COGS	Profit	Margin
Male	\$3,237	\$463	\$2,774	85.7%
Female	\$3,237	\$262	\$2,975	91.9%

Male COGS includes Testosterone Cypionate (\$11.84/4wk), supplies (\$2.60), and amortized Post Panels. Female COGS = supplies + amortized Post Panels only.

RECOVERY & PEPTIDE THERAPY PROGRAM

Initial labs = Essential Panel (Stage 3). Sessions are IV-based with peptide protocols.

Service	COGS	Price	Profit	Margin
Range IV	\$58.54	\$225	\$166.46	74.0%
NAD+ IV (500mg)	\$110.72	\$399	\$288.28	72.2%
Glutathione Push	\$9.94	\$75	\$65.06	86.7%
B12 Injection	\$5.13	\$35	\$29.87	85.3%

STAGES 5 & 6 — DOWNSELL + CONTINUED CARE

STAGE 5: DOWNSELL

If a patient cannot commit to the full program, two options preserve margin per dollar collected:

- **Payment Plan** — Same total price, spread across more 4-week billing cycles. Lower per-block payment, identical margin per dollar.
- **Phase 1 Only** — Shorter commitment (first 8–12 weeks). Patient can re-enroll for the next phase. Captures partial revenue vs. losing the patient entirely.

Downsell preserves margin rate — it captures fewer dollars or slower, but never at a lower percentage.

STAGE 6: RANGE CONTINUED CARE MEMBERSHIP — \$249 / 4 WEEKS

Post-program continuity. Annual labs, provider check-ins, member pricing on services. The highest-margin stage of the entire journey.

Billing	\$249 every 4 weeks (13 cycles/year)
Includes	Annual Essential Panel labs + provider check-ins + member pricing
Lab COGS (amortized)	\$149.03 / 13 cycles = \$11.46 per cycle
Profit per Cycle	\$237.54
Margin	95.4%

YEAR 1 CONTINUED CARE ECONOMICS

	Revenue	COGS	Profit	Margin
Year 1 (13 cycles)	\$3,237	\$149	\$3,088	95.4%

Patient can upgrade to Elite Panel (\$750) for annual labs at additional cost. Continued Care is the long-term revenue engine of the practice.

FULL PATIENT JOURNEY ECONOMICS

WEIGHT LOSS PATIENT — ESSENTIAL LABS, 24-WEEK TIRZEPATIDE

Stage	Revenue	COGS	Gross Profit
Assessment	\$197	\$0	\$197
Essential Labs	\$350	\$149	\$201
WL Program (24 wks)	\$3,296	\$1,048	\$2,248
Continued Care (Yr 1)	\$3,237	\$149	\$3,088
TOTAL YEAR 1	\$7,080	\$1,346	\$5,734 (81.0%)

WEIGHT LOSS PATIENT — ELITE LABS UPGRADE

Stage	Revenue	COGS	Gross Profit
Assessment	\$197	\$0	\$197
Elite Labs	\$750	\$346	\$404
WL Program (24 wks)	\$3,296	\$1,048	\$2,248
Continued Care (Yr 1)	\$3,237	\$149	\$3,088
TOTAL YEAR 1	\$7,480	\$1,543	\$5,937 (79.4%)

HRT PATIENT — MALE, ESSENTIAL LABS

Stage	Revenue	COGS	Gross Profit
Assessment	\$197	\$0	\$197
Essential Labs	\$350	\$149	\$201
HRT Program (Year 1)	\$3,237	\$463	\$2,774
Continued Care (Yr 2)	\$3,237	\$149	\$3,088
TOTAL YEAR 1 + 2	\$7,021	\$761	\$6,260 (89.2%)

All COGS are direct costs from supplier invoices. Provider time, rent, and overhead are not included in these margins. See [cogs/COGS-MASTER-REFERENCE.md](#) for full supplier cost breakdown.
